4.2 Provide your LIHEAP program's definition for determining a crisis.

Florida has a statewide definition of energy crisis that all subrecipients must use to determine if a client is eligible for a crisis benefit:

- 1. a. The applicant has been notified that the energy source for cooling or heating is going to be disconnected.
- 2. b. The applicant has received a notice indicating the energy source is delinquent or past due.
- 3. c. The applicant has a bill for which the due date has lapsed.

4.3 What constitutes a <u>life-threatening crisis?</u>

All life-threating crisis applications/situations must be resolved within 18 hours. The statewide policy is:

- 1. a. The applicant's home cooling or heating energy source has been disconnected.
- 2. b. The applicant is unable to receive delivery of fuel for heating, is out of fuel for heating, or is in danger of being out of fuel for heating.
- 3. c. The applicant has other problems with lack of cooling or heating in the home, such as needing to pay a deposit, needing to repair heating or cooling equipment, or needing an interim emergency measure to avoid further crisis.

Eligible Actions - All applications for crisis assistance must be acted upon by the recipient with an eligible action taken to mediate the crisis within 48 hours of application receipt for non-life-threatening applications, and 18 hours of application receipt for life-threatening crisis applications. Eligible actions include:

- a. Approval of the application;
- 2. b. Denial of the application;
- 3. c. Denial of the application because the applicant is deemed ineligible;
- 4. d. Contact with the utility vendor to halt power disconnection or interruption in services;
- 5. e. Written referral, along with providing applicant assistance by contacting another;
- 6. f. Subrecipient agency if LIHEAP funding is not available, or;
- 7. g. Notice of applicant ineligibility.

| Local subrecipients give priority in appointments to households with members in one or more of the vulnerable populations, and depending on funding availability, may only provide crisis benefits to households with one or more members of a vulnerable population. Additional requirements for renters living in subsidized housing: • Applicants are eligible for both crisis and non-crisis benefits; however, the portion of the utilities subsidized through the housing program must be deducted from the crisis benefit received. • Subrecipient needs to review the bill associated with the renter portion of the residence, and once a determination is made on the percentage of the renter's use of the dwelling, then home energy or crisis payment can be processed. | | | | | |

Each year, once FloridaCommerce receives its allocation from HHS, FloridaCommerce uses its current funding formula to derive the amount of funding each Subrecipient will receive. Between five (5) to eight (8) percent is allocated to weatherization through the Memorandum of Agreement (MOA), and six percent is allocated to the Florida Department of Elder Affairs for annual plans, vendor agreements, and other supporting documentation. | 10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds? Monthly financial activities submitted by subrecipients are reviewed to ensure correct accounting of expenditures. Single audits are required of all subrecipients and must be reviewed each year for deficiencies or material weaknesses. On-site monitoring of administrative, fiscal, and program operations of each Subrecipient are conducted every two to three years. A sampling of fiscal operations, client files, and vendor payments are reviewed to ensure compliance with federal and state requirements of expenditures of funds. The monitoring tool used by FloridaCommerce is attached as reference to the grant application in the On-Line Data Collection System (OLDC). | | | | | | |

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? None.

12.2 How many of those fair hearings resulted in the initial decision being reversed? None

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Florida has a minimum process for fair hearings and appeals that all subrecipients must follow:

At a minimum, each Subrecipients appeals process must provide an opportunity for an applicant or client to file a written appeal or complaint with a Subrecipients program supervisor within 10 business days of receipt of the written Notice of Denial and Appeal:

- a. Upon receipt of a validly filed appeal or complaint, the agency must respond in writing within 10 business days.
- b. The applicant or client may appeal the Subrecipient response by filing its objections to the response with the agency's director, executive director, or board chair, as applicable, within five (5) business days of receipt of the first response.
- c. Upon receipt of a validly filed objection to the first response, the agency must respond in writing within 10 working days. The response must clearly state the final outcome of the appeal and that the decision is final and, if applicable, the circumstances under which the applicant or client may re-apply for service.

12.5 When and how are applicants informed of these rights?

- At a minimum, Subrecipients are required to furnish either a Notice of Denial for applicants who did not qualify and wish to appeal, or a Notice
 of Approval for applicants who are eligible. Subrecipients will furnish the letter in writing to all applicants within 15 business days of the
 application date (defined as the date the application is completed). The Subrecipients fair hearing and appeals process must also be posted in a
 prominent place where applications are taken. At a minimum, the written Notice of Denial and Appeals shall contain:
- 1. Name of applicant;
- 2. Date of application;
- 3. Type of benefit sought;
- 4. Reason(s) for denial;
- 5. Statement on Subrecipients' benefit limits, if applicable;
- 6. Statement of appeals process;
- 7. Explanation of the circumstances under which the applicant may reapply;

- 2. The name of the energy vendor to be paid;
- 3. The next date when the client will be eligible to apply; and
- 4. The appeals and fair hearing policy (see the response to question 12.6 below).

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

The fair hearing process for applications not acted upon in a timely manner is the same process as a fair hearing for a denial of an application. All applications must be acted upon with 'Reasonable Promptness', which is defined as within 15 business days of application receipt. The first day of application receipt is the date an applicant first submits an application for assistance.

Florida has a minimum process for fair hearing and appeals that all subrecipients must follow:

At a minimum, the Subrecipients appeals process must provide an opportunity for an applicant or client to file a written appeal or complaint with the Subrecipients program supervisor within 10 working days of receipt of the written Notice of Denial and Appeal or Notice of Approval:

- Upon receipt of a validly filed appeal or complaint, the Subrecipient must respond in writing within 10 business days.
- The applicant or client may appeal the agency's first response by filing its objections to the response with the Subrecipients director, executive director or board chair, as applicable, within five business days of receipt of the first response.
- Upon receipt of a validly filed objection to the first response, the Subrecipient must respond in

writing within 10 business days, and the response must clearly state the final outcome of the appeal and that the decision is final and, if applicable, the circumstances under which the applicant or client may re-apply for services.

12.7 When and how are applicants informed of these rights?

At a minimum, Subrecipients are required to furnish in writing to all applicants a Notice of Denial and Appeal or Notice of Approval within 15 business days of the Application Date, which is defined as the date the application is completed. LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Energy education and financial/budget counseling are allowable costs under the program.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Subrecipient budgets for awarded funding are received and uploaded into Florida Commerce's fiscal system of record, the Subrecipient Enterprise Resource Application (SERA). Within this system, budgeted funding is allocated to specific line items (cost categories) which have safeguards built in to ensure that funding cannot exceed the maximum allowable for each of those cost categories. These safeguards ensure that funding stays within the 5% limitations, regardless of the amount awarded to any given subrecipient.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

With activities conducted such as social media posts, posters and flyers, and outreach all conducted by the local LIHEAP subrecipient provider agencies, Florida Commerce has seen a gradual uptick in the number of households that have applied for LIHEAP assistance. This uptick in households applied reflects these activities having a positive impact on LIHEAP program awareness throughout the state.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

Not Applicable.

13.5 How many households applied for these services? Not Applicable.

13.6 How many households received these services? Not Applicable.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

- 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. - 3. For grantees other than individuals, Alternate I applies.
- 4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll.
