All participants receive a benefit determination letter in-person, by mail or by electronic message. 9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment? Home energy suppliers are required to enter into a vendor agreement with the Grantee. This agreement ensures that program eligible households are treated fairly and not discriminated against in the cost of goods or services provided and that the full amount of assistance is applied to the household account. 9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance? The signed vendor agreement contains language that ensures program eligible households are treated fairly and not discriminated against in the cost of goods or services provided and that the full amount of LIHEAP heating assistance is applied to the household account. 9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households? If so, describe the measures unregulated vendors may take.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

Fiscal activities are monitored throughout the year. Additionally, monitoring is performed annually. Monitoring includes an in-depth financial review of the program year.

Program activities are monitored during the season using Idaho's state-wide data tracking system that monitors program activities in near-real time

Subgrant Recipients are required to submit monthly invoices by the 15th of the month, for the prior month. Invoices are reviewed for completeness and accuracy by a separate unit at Health and Welfare. Part of this review involves ensuring that the Subgrantee has enough funding to be reimbursed. The Program Manager reviews expenditures monthly to monitor progress of fund expenditures. Subgrantee's are contacted prior to the end of the contractual period to review remaining funding, discuss ability to spend out allocated funding and perform Subgrant amendments to adjust funding that will not be expended to other Subgrantee's, if needed.

Tracking Funds:

LIHEAP funds are tracked by funding categories using assigned project numbers. New project numbers are assigned at the start of each Program Year. This allows us to track funds that are issued as benefit and spent by the Grantee and Subgrantee's. The Grantee maintains a project number for their Administrative/Indirect costs and LIHEAP Benefits issued. Subgrantee's receive new project numbers, each season, for Administrative Funding, Assurance 16, Leveraging and LIHEAP Weatherization funds. Funding from other grant types (disaster, IIJA, etc.) is tracked the same way.

LIHEAP Refunds:

LIHEAP funds that are returned come to the Grantee. We track these funds and record the refund on the participant file and in a tracking log. We require the vendor provide us the information about funds to identify who they are for, what Program Year they came from and why they are being returned.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None

12.4 Describe your fair hearing procedures for households whose applications are denied.

The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the formal 'Notice of Denial' letter. If the participant feels they were wrongly denied services, the direct service provider holds a conference with the participant to attempt to resolve their appeal. If unresolved, the direct service provider assists the household with completing and mailing the appeal form to the Department of Health and Welfare's Fair Hearing Unit. Upon receipt of the participant's appeal request, the Department of Health and Welfare proceeds with the standard fair hearing procedure as outlined in the section below. To accommodate the applicant, hearings are conducted through a telephone conference.

Standard fair hearing procedure:

Administrative fair hearings are available to any household applying for or receiving a LIHEAP benefit in accordance with Idaho Administrative Code. Any program applicant or recipient may request a hearing. Included with all determination notices is a form that instructs customers how to request a hearing if they disagree with the action taken by the Department or if they feel they have been discriminated against. Fair Hearing Requests must be received within 30 days of the determination and can be submitted using the Department's Hearing Request Form (HW-0406) by submitting in writing their name, address and phone number, and the remedy requested, or by making a verbal request for a fair hearing with the Department. Once a fair hearing request is received, the Department acknowledges the fair hearing request and has 30 days to schedule a hearing. The Department contacts each individual before scheduling the hearing to discuss the basis of the hearing, address the customers concerns and clarify the action taken by the Department. If the individual does not request to withdraw their hearing request at that time, the hearing will take place as scheduled. The hearing is conducted by a hearing officer. Once the hearing has taken place the hearing officer has 30 days to file a preliminary order, which is distributed to both the Department and the individual. The individual will receive a written copy of the hearing decision by mail or email. If the individual does not agree with the hearing officer's decision, he or she has an opportunity to appeal the decision with a Petition for Review. These appeals are managed by the office of the Director of Health and Welfare and the Deputy Attorney General.

Division of Welfare- Time for filing appeal:

A decision issued by the Department in a Division of Welfare program will be final and effective unless an individual or representative appeal within thirty (30) days from the date the decision was mailed, except that a recipient or applicant for food stamps has ninety (90) days to appeal. An individual or representative may also appeal when the Department delays in making an eligibility decision or making payment beyond the limits specified in the program within thirty (30) days after the action would have been taken if the Department had acted in a timely manner.

12.5 When and how are applicants informed of these rights?

The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the 'Notice of Denial.' The eligibility notice and the 'Notice of Denial' are provided in Spanish to households who indicate their primary language is Spanish.

Applicants are also informed about their appeal and hearing rights on the front page of the LIHEAP application. The language aligns with other programs (SNAP, TAFI, etc.)

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

If the participant feels that their benefits were in an untimely manner, the direct services provider holds a conference with the participant to attempt to resolve their appeal. If unresolved, the direct service provider assists the household with completing and mailing the appeal form to the Department of Health and Welfare's Fair Hearing Unit. Fair Hearing Requests must be received within 30 days of

the determination and can be submitted using the Department's Hearing Request Form (HW-0406) by submitting in writing their name, address and phone number, and the remedy requested, or by making a verbal request for a fair hearing with the Department. Once a fair hearing request is received, the Department acknowledges the fair hearing request and has 30 days to schedule a hearing. The Department contacts each individual before scheduling the hearing to discuss the basis of the hearing, address the customers concerns and clarify the action taken by the Department. If the individual does not request to withdraw their hearing request at that time, the hearing will take place as scheduled. The hearing is conducted by a hearing officer. Once the hearing has taken place the hearing officer has 30 days to file a preliminary order, which is distributed to both the Department and the individual. The individual will receive a written copy of the hearing decision by mail or email. If the individual does not agree with the hearing officer's decision, he or she has an opportunity to appeal the decision with a Petition for Review. These appeals are managed by the office of the Director of Health and Welfare and the Deputy Attorney General.

12.7 When and how are applicants informed of these rights?

The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the 'Notice of Denial.'

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

DSPs provide a number of ancillary services to encourage and enable households to reduce their home energy consumption to include:

- -Provide information about level payment plans during energy education, targeted to vulnerable populations and fixed income participants;
- -Purchasing low cost/no cost energy conservation measures for non-regulated electric utilities;
- -Leveraging supplemental payments for participants who were unable to obtain their LIHEAP heating assistance benefits or for whom a LIHEAP heating assistance benefit was insufficient to prevent/resolve a heating emergency;
 - -Assessment home energy use;
 - -Referral to the Weatherization Assistance Program;
 - -Provide centralized energy education classes at outreach sites;
 - -Tailoring outreach to target households of a specific utilities to increase participation in utility funded energy conservation programs; and
 - -Advocate on behalf of households with home energy vendors to prevent disconnection.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Each budget component is assigned a Program Cost Accounting (PCA) code. Expenditures applicable to these activities are coded to the specific PCA. The fiscal accounting of the Direct Service Providers is monitored to ensure costs are coded to the appropriate PCA for the type of activity being billed.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

Idaho plans to review the impact of Assurance 16 activities provided in PY22 and PY23. A selection of participants who received A16 services will be surveyed to collect their responses. This survey is planned to be conducted during August/September 2023.

Direct Service Providers pursue enhanced heat and weatherization funding through leveraging activities according to the guidelines set in the LIHEAP regulations outlined in 45 CFR 96.87, in DOE Grant Guidance and 10 CFR 440. Direct Service Providers will ensure all funds obtained from leveraging are used to increase LIHEAP impact on heating assistance and expand energy efficiency services and/or increase the number of dwelling units receiving weatherization services.

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Idaho continues to collect data on the four required LIHEAP performance measures. The four required measures are as follows:

- -Energy Burden Targeting (all households)
- -Energy Burden Targeting (high burden households)
- -Restoration of Home Energy Service
- -Prevention of Loss of Home Energy Service

Idaho evaluates data collection related to federal reporting requirements quarterly to minimize inaccurate data. This is expected to continually improve the quality of data collected within the statewide database.

Idaho's LIHEAP Intake Manual is reviewed annually to include any policy and/or process improvements to support integrity of data collection. Collection of the four data points related to the Performance Data form were incorporated into this policy manual. This manual is used by LIHEAP intake staff and program managers. Idaho hosts a de-brief meeting after the close of the heating season to discuss challenges with program delivery and to identify solutions which are then incorporated into the policy manual to ensure high-quality program implementation and accurate data collection.

Modified Vendor Agreement: Idaho's vendor agreements identify the new data elements and established data reporting requirements. All vendors with a signed agreement will be required to submit data to the Department on an annual basis. Idaho continues to work with vendors to address challenges and/or concerns that arise regarding reporting requirements. Per the agreement, vendors are required to submit their data reports annually. The data will be analyzied in preparation for reporting on the LIHEAP Performance Measures report.

Idaho will continue to review LIHEAP performance measure data to aid in interpreting the state's approach to enhancing LIHEAP program delivery.
