When a crisis applicant is over the 150% of FPL, NM allows for the household's net income to be considered for eligibility if during the 30 days preceding the application, the household has faced a financial hardship, i.e., unforeseen medical/prescription expenses, emergency household repair.

New Mexico Administrative Code (NMAC) 8.150.6209 Crisis Intervention Standards: Households who are over the income standards but meet the crisis intervention requirement may be eligible for a crisis LIHEAP benefit.

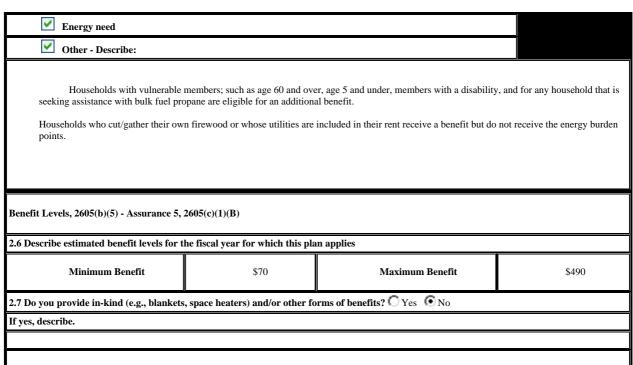

NMAC 8.150.520.18 If a household is over the income standards, HSD staff should explore the household's financial circumstance and take into account any financial crisis in the household that may have resulted in the household's inability to meet its utility or fuel expense in the past 30 days. In these cases, the household's net income, rather than gross income, may be considered to determine income eligibility.

Crisis intervention is not available to households that have already received a LIHEAP benefit in the current federal fiscal year. When it is determined that a household has an inoperable heating/cooling system, MFA will be allowed to have it's subcontractors repair or replace the unit depending on whether it is a summer or winter need. ISD LIHEAP will ensure that if a replacement is needed, MFA subcontractors use the most energy efficient and cost effective model available.

Weatherization funds will be used to weatherize eligible single family and multifamily units on tribal lands. With prior approval from New Mexico Human Services, MFA subcontractors will be allowed to expend funding on multi-family units. The State of New Mexico allows an average of \$8,250 per single family unit. MFA, the weatherization contractor provides weatherization services to eligible Native American pueblos in New Mexico that do not receive their own LIHEAP funding. MFA cannot categorically approve weatherization services to households with income over the allowable 200%. For multifamily units, at least 65% of the units must be households with income less than 200%. LIHEAP funds cannot be used for those units with households over 200% FPL.							
Eligible disabled vets will not be subject to the priority requirements for vulnerability. LIHEAP funds may be used to fully weatherize homes of disabled vets before other applicants in a county, as long as the vets with the highest ranking score are serviced first. The disability income the vet receives will not be counted towards the total household income.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10 1	How do	VOIL OPCUE	good ficaal	accounting and	l tracking of	LIHEAP funds?

LIHEAP funding is tracked in several ways:

- 1. The Grants Management Bureau of the HSD Administrative Services Division (ASD) tracks all grant funding for LIHEAP including obligations and expenditures.
- 2. Program Support Bureau (PAB) of the HSD/ISD tracks benefits and administration funding.
- 3. Quarterly reconciliation with the Administrative Services Division (ASD) meetings are conducted.
- 4. Payments are reconciled on a monthly basis with our state wide accounting system.
- 5. The Restitutions Bureau of the HSD Administrative Services Division tracks all claims.
- 6. The LIHEAP Unit and ASD Accounts Receivable (AR) Bureau track vendor refunds. AR and the Grants Bureau from ASD track the deposits.

Other program review mechanisms are in place. Describe:
LIHEAP staff conduct monthly case reviews of randomly selected households to ensure that all policies and procedures are being adhered to. They also conduct random LIHEAP case reviews to make sure all policies and procedures are met by field staff approving applications. If inaccuracies are found, the Regional Office Manager (ROM), County Director (CD), and the Family Assistance Analyst (FAA) responsible for reviewing and approving the case are contacted by staff so that necessary corrections can be completed. LIHEAP staff tracks cases with inconstistant information until the error/s have been corrected and appropriate steps have been put in place so as to avoid an reoccurrance.
10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.
Bill Assistance Case desk reviews are conducted monthly by LIHEAP staff. These desk audits are randomly selected and are completed by staff to ensure that policy and procedure are being followed by field staff approving applications. LIHEAP staff tracks cases with inconsistant information until the error/s have been corrected and appropriate steps have been put in place so as to avoid a reoccurrance.
Payment reviews are part of the state's eligibility system, ASPEN. ASPEN generates error alerts on LIHEAP cases where a benefit canno be issued. Staff will correct the error to ensure that the payment is released to the vendor/client. (Sample attached)
Weatherization LIHEAP Coordinator monitors the weatherization contractor monthly by evaluating the invoices and unit report and yearly by conducting an onsite Management Evaluation (ME) and a desk audit.
10.7. Describe how you select local agencies for monitoring reviews.
Site Visits:
Bill Assistance In lieu of site visits, HSD has implemented desk audits that are conducted by the LIHEAP Unit. A random sample of 100 cases is chosen monthly and LIHEAP staff review applications and required documentation to ensure that ISD field offices are complying with state and federal rules/ regulations. Staff work directly with field office managers to ensure that cases improperly processed are corrected. LIHEAP staff tracks cases with inconstistant information until the error/s have been corrected and appropriate steps have been put in place so as to avoid a reoccurrance
Weatherization The Management Evaluation (ME) consists of a site visit to MFA and their weatherization providers. We rotate between subcontractors yearly unless concerns arise to evaluate the following year.
Desk Reviews:
Bill Assistance Desk Reviews are done monthly in the LIHEAP office. These are randomly chosen and then reviewed to ensure policy and procedure are followed. LIHEAP staff tracks cases with inconstistant information until the error/s have been corrected and appropriate steps have been put in place so as to avoid a reoccurrance
Weatherization Monthly desk audits are conducted on the invoices and unit reports in conjunction with a yearly on site audit of the contractor.

LIHEAP staff sent an email to stake holders and staff requesting input on the FFY2024 State Plan. We also work closely with the weatherization contractor for their input on the weatherization portion and changes were made accordingly to ensure that our most vulnerable populations are being served. One change was made based on input/request from our Weatherization Contractor. The addition is under Section 5, page 15, 5.5 Other. If a household has applied for and received benefits within the last six (6) months for another ISD programn, i.e., SNAP, TANF and income has been provided and verified, it may be used for determining the LIHEAP benefit. This decision was made so as not to cause the household undue burden. If the household is applying for LIHEAP only, then it is required that current income within the last 30 days be provided. New Mexico has a year round LIHEAP program, there are constant conversations with utility vendors, field staff, and management regarding program enhancements. Another significant change that was made is that Tribal members living on Tribal Lands could not apply for state LIHEAP. We changed our system so that if a tribal member applies for tribal LIHEAP and the tribe has exhausted their funding, the tribal member is allowed to apply for state LIHEAP IF they can provide a letter written to them from the tribe that all Tribal LIHEAP funding has been exhausted for the current FFY and that they have been denied for a LIHEAP benefit. 11.2 What changes did you make to your LIHEAP plan as a result of this participation? One change was made based on input/request from our Weatherization Contractor. The addition is under Section 5, page 15, 5.5 Other with regards to Disabled Veterans.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01 OMB Clearance No.: 0970-0075 Expiration Date: 12/31/2024

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Performance Measures for this year will include timeliness of application processing and issuance of benefits to clients. Consumption data from 113 vendors to include natural gas, electric, and propane is submitted and reviewed quarterly. New Mexico currently obtains data from the state's Automated System Program and Eligibility Network (ASPEN). Upon review of data for the Performance Measure report, it was determined that the configuration of how the data was being collected for some of the data points was incorrect. Changes by means of an ADHOC report were implemented to ensure that New Mexico was providing the most accurate data possible. LIHEAP funds will be used in FFY2024 to make ASPEN system enhancements. Because of the new quarterly Performance Data Measures, the dates that the report is due does not coincide with the dates that the data is provided in our system. An ADHOC report is provided by the contractor but the data is incomplete because of the report due date. As an example, if a customer applies for a LIHEAP benefit at the end of the month, but the application is not processed for 25 days, the application will not show up for that month but will show up for that month on the next month's report.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. For grantees other than individuals, Alternate I applies.
- 4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
