1.4 Do you consider households categorically eligible if at least one household member receives at least one of the following categories of benefits in the left column below? ☐ Yes ☒ No

If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

Section 7: Coordination, 2605(b)(4) - Assurance 4

7.1 Describe how you will ensure that the LIHEAP program is coordinated with other programs available to low-income households (TANF, SSI, WAP, etc.).

Joint application for multiple programs (indicate programs included)

Intake referrals to/from other programs (indicate programs included) Recipients of other assistance programs are informed of LIHEAP. DHS field offices provide information about applying for LIHEAP to the individuals and families they serve. LIHEAP outreach staff works with community partners, such as schools, health centers, and housing, letting them know how to refer the people they serve to LIHEAP.

One - stop intake centers

Other - Describe:

We have a process in place with the RI SNAP office (both LIHEAP and SNAP are within RI DHS) to outreach SNAP households who have a heating bill. SNAP household records including household income are migrated to the LIHEAP software system. Once the records are in the LIHEAP system, letters to the SNAP households are generated letting SNAP recipients know that they are income-eligible for LIHEAP. An abbreviated LIHEAP application is sent to them since we have their income migrated to our LIHEAP system. If their SNAP household size does not match their LIHEAP household size on the abbreviated application, the household fills out a full application. Otherwise, they can be certified with an abbreviated application.

Section 9 - Energy Suppliers,, 2605(b)(7) - Assurance 7

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating ☐ Yes ☒ No

Cooling ☐ Yes ☒ No

Crisis ☐ Yes ☒ No

Are there exceptions? ☐ Yes ☒ No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

Confirmation letters are sent to the applicants after approval and certification of their application. The amount of the assistance is provided in the letter.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Participating vendors agree to this in the annual vendor agreement. Deliverable fuel vendors submit delivery tickets for fuel delivered with grant funds. Using delivery tickets, remaining balances are tracked by the subrecipient in state software system and if there are remaining grant balances these are used to the next delivery to the recipient. Utility vendors notify subrecipients of closed accounts and of grants not applied to utility accounts for other reasons so issue can be resolved (spelling or account number issue). Grant recipients are informed of the amount of their grant in their confirmation letter, so they can determine if that amount was credited to their utility account or delivered to their home. In the annual vendor agreement, vendors agree to make records available. RI DHS monitors vendors.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Participating vendors agree to this in the annual vendor agreement. In the agreement, each vendor agrees that to ensure that LIHEAP households they service will be treated the same as their other customers. This provision is reinforced at required annual meeting/training. In vendor monitoring for deliverable fuel, we check the delivery ticket of a LIHEAP households and a non LIHEAP household from the same day to make sure both are receiving the same price per gallon.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

☐ Yes ☒ No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Financial transactions are reviewed and tested. A policy and procedure checklist is filed. Program client files are reviewed for completeness. Agency managers meet with program staff to check in regarding processes and policy.
10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.
We maintain an active and structured oversight process for all LIHEAP subrecipient agencies. Monthly Program Engagement: DHS host ten (10) monthly meetings each year with program managers of all LIHEAP subrecipient agencies. These meetings provide consistent engagement, featuring updates on policy and program operations, technical training, and open forums for agencies to share challenges, questions, and best practices. Annual Pre-Season Training: A comprehensive half-day training is held for all subrecipients prior to the start of the LIHEAP season. This training covers policy updates, intake procedures, software use, fiscal processes, and compliance expectations. Attendance is required and monitored. Daily Oversight and System Monitoring: DHS staff monitors the LIHEAP intake software and subrecipient portals daily to ensure timely data entry, accurate invoicing, and adherence to program guidelines. This ongoing, real-time oversight allows for immediate intervention if issues arise. Ongoing Technical Assistance: Customized support and individualized training are offered to agencies throughout the year based on performance data, staff turnover, software challenges, or specific requests. This ensures consistent service delivery and compliance. Formal Monitoring Visits: DHS conducts formal monitoring visits to two to three subrecipient agencies each year. These reviews include assessment of client files, fiscal documentation, intake procedures, and adherence to federal and state requirements.
10.7. Describe how you select local agencies for monitoring reviews. Attach a risk assessment if subrecipients are utilized.
Site Visits: Site Visits: Two to three Community Action Agencies have a fiscal and program monitoring visit every year. Agencies are selected for monitoring on a rotating basis. If there are concerns about an agency or there were findings at the previous year's monitoring, that agency will be monitored again the following year. Desk Reviews: A risk assessment is completed for each program. If subrecipients are considered low-risk, a desk review or site visit is performed every three years or more frequently if needed.
Desk Reviews: A risk assessment is completed for each program. If a subrecipient is considered medium risk, a site visit or desk audit is mandatory during the first six months of the fiscal year. If a subrecipient is high risk, our agency conducts at least two site visits or desk reviews.
10.8. How often is each local agency monitored? Please attach a monitoring schedule if one has been developed.
Triannually

10.9. How many local agencies are currently on corrective action plans? 1

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the Grant recipient have in the prior federal Fiscal Year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last federal Fiscal Year as a result of fair hearings?

We did not make any changes to policy and/or procedural as a result of a fair hearing.

12.4 Describe your fair hearing procedures for households whose applications are denied and/or not acted upon in a timely manner.

Households determined ineligible are notified by letter by the Community Action Agency (subrecipient) where they applied. In the denial letter, they are given the reason their household is ineligible and information explaining the Appeals process, including a form to appeal. To request an appeal hearing, the applicant must submit the form within fifteen business days of the receipt of a denial letter.

In addition, after it is determined that the applicant is to be denied the subrecipient checks their eligibility for another heating assistance program (Good Neighbor Energy Fund) and notifies them if they are eligible.

If a denied applicant wishes to appeal, the applicant is offered a hearing with an impartial representative of the subrecipient. The applicant is allowed to bring representation and/or present oral or written evidence. The applicant has the right to review the case file. The subrecipient will communicate its decision regarding the appeal within five business days of the appeal hearing. If the applicant is not satisfied with the outcome of the appeal, the applicant has the right to a second Appeal with the Rhode Island Department of Human Services.

12.5 When and how are applicants informed of these rights?

If a household is denied, they receive a denial letter from the subrecipient where they applied. They are told the reason for their denial and provided detailed information about how to appeal along with an appeal form. If after the first appeal, the applicant is not satisfied with the outcome, they can request a second appeal with the Department of Human Services. They are sent this form with the denial letter. The form explains how to appeal.

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Households are offered help addressing their need for energy assistance. Participants must have received a LIHEAP grant to participate. Through casework and coaching, households are guided on ways to reduce their energy usage and improve their financial stability.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Assurance 16 funds are earmarked in the Community Action Agency contracts so that no more than 5% is allocated. The amount is obligated in the subrecipients contracts and the subrecipients submit a monthly A-16 invoice for program expenses. RI plans to obligate 2% or less in FFY 2026.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.

Participants have appliance and weatherization audits. A caseworker assists them with energy saving and household budget strategies. Resume writing/applying for jobs, career planning, and information about free or affordable training programs are provided to all household members.

13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.

Direct benefits for participating households in FFY 2025, included weatherization audits of their homes. All participating households are LIHEAP clients so they receive the LIHEAP primary heating grant and can be eligible for heating crisis grants. Households receive a \$60 gift card to a home improvement or grocery store upon completion of each tier (energy savings, financial education, and workforce are the three tiers).

13.5 How many households received these services? 170
